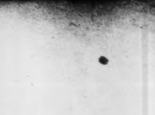
ARE ALL EYES



DEFECTIVE?

Certain it is that many people experience no trouble with their eyes Naturally a very large proportion of those who consult opticians or oculists have defective eyes, because the trouble they have leads them to the consultation.

There have been quite a number of people in to see me of late who have nothing at all the matter with their eyes.

If you have any doubt as to the condition of your eyes it will afford you a great deal of satisfaction to know positively. I shall be glad to tell you.

SHOOTING AT SALEM.

A Young Man Calls on a Friend and Shoots Him.

Special to The Telegram.

Winston-Salem, Oct 31—C. B. Shouse, 19-year-old son of John Shouse, of Salem, was shot and probably fatally injured at his home about ten o'clock last night by James Bryan, a young man from the country. The two young men were together in the afternoon, but separated, and Bryan called at Shouse's home last night and was shown up to the young man's room. Bryan was under the influence of liquor, and was heard to remark that he was going to fire his pistol out the window. It appears that Shouse stepped aside but Bryan fired at him instead of through the window. They were good friends and the shooting was done apparently without provocation. Drs. Nicholson and Shaffner attended the wounded man and say his condition is dangerous. Bryan has not been arrested.

Lady Night Operator.

Miss Julia Chatham, of Elkin, has accepted a position as night operator for the Greensboro Telephone Exchange. She arrived in the city last night, and as soon as she becomes familiar with the keyboard she will go on duty.

TERRIBLE BRITISH DEFEAT.

Fight at Ladysmith Results in Victory for the Boers.

43 OFFICERS AND 2,000 MEN

Killed, Wounded and Captured by the Stubborn-Fighting Dutchmen.

Depression at London.

By Cable to the Telegram

Ladysmith, Oct. 31—The battle of Ladysmith resulted in a terrible defeat to the British, with a loss of 43 officers and 2,000 men. The Irish Fusileers and the Gloucester regiment were surrounded by Boers and captured. These two noted regiments, together with a mounted battery, fought heroically against enormous odds. When hemmed in by more than 15,000 well armed Boers, the picked of Gen. Joubert's army, they fought until their ranks were terribly diminished.

General White says the men fought nobly and he accepts all blame for the overwhelming defeat.

MAY HOLD LADYSMITH.

London, Oct. 31—The war department officials consider that General White may be able to hold Ladysmith despite his heavy losses. They calculate that eight transports and 10,000 men will reach Durban November 10. White has food enough, if besieged, to last two months. He will probably be suspended from his command immediately.

TOTAL FORCE CAPTURED

London, Oct. 31—The total force captured by the Boers is eighteen hundred men and forty-two officers.

WANTED TO BE READY.

London, Oct. 31—The war office has ordered the second army corps to hold itself in readiness to be called out.

BOERS PLANTING SIEGE GUNS

Capetown, Oct. 31—A message from Kimberly says the Boers are building forts around the town and planting siege guns.

SYMPATHY FOR WHITE.

London, Oct 31—The manliness of White's avowal that the British loss at Ladysmith was his fault, has awakened the deepest sympathy for him here.

An official of the war office said: "It was more likely due to the craze of the younger officers to distinguish themselves than to the fault of that splendid Indian veteran, Gen. White, despite his pitiful avowal."

Terrible excitement prevails at Gloucester and Dublin, the homes of many of the soldiers captured or killed.

DISTENSION IN THE CABINET.

London, Oct. 31—There is fierce distension in the British cabinet as a result of the crushing defeat at Ladysmith. Secretary of State for War Landsdowne may resign as a result of the accusation of Lord Wolsely, who charges him with rejecting urgent advice to the war office authorities to send an army corps to South Africa as far back as July.

Wolseley then warned the government that the Boers were not then prepared to invade Natal and said if a British expedition were sent it would prevent further disaster. Landsdowne opposed the Wolselly counsel and the cabinet allowed Landsdowne to have his way.

VALUABLE GUNS LOST.

London, Oct. 31—In addition to the loss of men, six 7-pound screw guns were also lost at Ladysmith, and as the Boer artillery is already strong the capture of these guns will be a great help to the Boer cause.

Apart from the immediate loss of effectives in this fight, it is feared the defeat may have the most depressing effect upon the remainder of the British forces at Ladysmith. It is also feared that other Boer sympathizers, who have not yet taken sides in the war, will now publicly join the Transvaal forces.

CONSTERNATION IN NATAL.

Durban, Oct. 31—News of the disaster at Ladysmith has spread consternation throughout Natal. Every available man at Pietermaritzburg has been set to work raising intrenchments against a Boer attack.

The Boers are reported near the Tugela River, ten miles south of Ladysmith. The rear of the British position is reported feeling its way to Colenze, evidently to destroy railroad communication to the coast.

ADVANCING TO FIGHT AGAIN.

London, Oct. 31—A Ladysmith dispatch says the Boers were observed this morning advancing toward the town, probably to begin the attack on Ladysmith itself. Nothing additional from the above has been received since. It is believed another fight is imminent.

Hobart Improved.

By Wire to The Telegram.

Paterson, N. J., Oct. 31.—The vice-president, who had a sinking spell this morning, has rallied and is now somewhat improved.

CAN'T LIVE MANY HOURS.

Paterson, N. J., Oct. 31—Mrs. Hobart and a brother of the vice-president gave out the statement today that Mr. Hobart will not likely live many hours.

CONDITION GOOD.

Paterson, N. J., Oct. 31—Dr. Newton bulletined the following at 11 o'clock: "The vice-president is awake and refreshed. At nine o'clock he was comfortable, since when his pulse has been good and he has taken considerable nourishment. He is now sitting up and his condition is good.

THE DISPENSARY CASE.

An Interview With One of the Attorneys this Morning.

The Telegram man interviewed one of the attorneys in the dispensary case this morning in regard to the status of that case, in view of the impression attempted to be created that they feared the result of a trial in the supreme court.

"Yes," he said, "the case has been continued until the February term of the supreme court."

"Did you fear the result?" asked the scribe.

"We do not try our cases in the newspapers, but are willing to let our friends, the opponents of the dispensary, have a monopoly of that. Still, as you ask it, we have no objection to saying that we think there can be no doubt of the result, as the supreme court has already settled in the Fayetteville case.

"The continuance was not at all unusual, as the case was called only forty minutes before the adjournment of the court for our district, and the court refused to extend the time; and although there were other cases on the docket after the dispensary case was continued, none of them were argued.

"One attorney against the dispensary had had the benefit of our briefs for about a week, and only gave us a copy of his after the court convened on Saturday and just a short time before the case was called, so that we did not have time to read it all; and under the circumstances we did not see that we were under obligations to grant them favors and hurry through the case in twenty minutes. After our refusal to do this, they offered us the whole forty minutes, which we politely declined, as we did not care to have their clients say we had not treated them fairly, but preferred to argue the case in an orderly way, when sufficient time would be at the disposal of both sides.

"Of course the dispensary will run on as usual."

"THE MASCOT."

A Comic Opera of the First Class at the Academy Last Night.

Last night though the weather was extremely rough—though blinding sheets of rain beat the pedestrian in the face and drenched garments thoroughly, "The Mascot," by the Dan Packard Opera Company was played at the Academy of Music to a little more than a half-filled house.

Those who had braved the fury of the elements were not sorry they had come out when the performance had commenced. It was a comic opera, played by fine actors and actresses. No better show has been pulled off here in many a day.

The singing of Mr. Chas. N. Holmes, Mr. Warwick Ganor and Miss Carlotta Gilmer was of high order, and the chorus of twenty-five or thirty voices was excellent.

Combined with the splendid musical features of the show—both vocal and instrumental by a good orchestra of five musicians,—there was wit and originality, new ridiculous situations and all sorts of side-splitting humor, making an eminently creditable show.

"Fra Diavolo" will be played to-night.

Is Your Footwear

Just what you want it to be? Is it the latest style? To be a little "off" in fashion is simply not in fashion at all. A Fine Showing.

The Southern Loan and Trust Company, of Greensboro, has forwarded to the state treasurer a statement of the condition of its business and notified him if the statement is satisfactory they will, on January 1st, apply for license to do a general banking business in North Carolina. The statement shows a capital stock of $25,000, while the surplus is $35,533, or about 33 per cent. more than the capital stock. This is a remarkably fine showing. The company's total assets are $144,728.

Sacred Concert.

We regret very much indeed that we were forced to postpone the concert on such short notice, but the fates were against us. We waited until 3 o'clock before positively deciding, hoping the clouds would break away but were doomed to disappointment. Watch this paper for further notice, etc.

Hope to bring it off in just a few days and trust that you will be there.

A WEEK TILL THE ELECTIONS

Ohio, Kentucky and Maryland the Storm Centers.

GEN. LEE AT HIS VIRGINIA HOME

President McKinley and Party Returned from Richmond--Other Washington Happenings.

Special to The Telegram.

Washington, D. C., Oct. 31—With but one week remaining before the elections, politicians coming to Washington are in great doubt as to the results in several States. The most interest is felt in Ohio, Kentucky and Maryland. In the latter state, it is said the indications point to the re-election of Governor Lowndes, although the Democrats coming to the city from Maryland still adhere to the claim that the democratic ticket will be elected. The republicans from the state, however, appear to be more confident.

In Kentucky it is said the situation has not cleared to any appreciable degree, and the last week of the campaign finds the managers in as much doubt as in the early days of the campaign in the blue grass state.

Ohio is said to be the most complicated of all the doubtful states. A politician from Ohio was seen Monday at the Metropolitan Hotel, and he stated that nobody could predict the result. It all depends, he said, upon the size of the vote that is received by Jones. The registration, he said, was the queerest feature of the entire Ohio situation. For the past two months, said the gentlemen, apathy seemed to be the prevailing spirit in all parts of the state, and at the political meeting it seemed as if it were, in most cases, utterly impossible to get any enthusiasm or interest aroused, and the meetings had been remarkable for the uniformly slim attendance. Notwithstanding this apparent apathy, the result of the registration just completed in Ohio, shows that almost as large a vote will be cast as in the presidential election, which is the surest guide to the fact that beneath the apparent apathy, after all the voters are not talking much, but still take a deep interest in the result. This has puzzled the managers of the two parties, and makes both feel more than ever anxious.

Clerks in the executive departments are beginning to leave Washington for the more distant states. A large number will go to Kentucky, Ohio and Nebraska. During the latter part of the week, and the first of next, nearly every Maryland clerk in the executive departments will be granted leave for the purpose of going to their homes to vote.

President McKinley has voted each year at Canton, Ohio, since he became president, and he will probably go home to vote this year. It is probable that he will leave Washington Monday, and return to the city immediately after the election, arriving here Wednesday.

General Lee was in Washington Sunday stopping at the Shoreham hotel, where he usually stops when in Washington. He left Sunday for his home in Virginia. The general has a leave, it is understood, of two weeks, and after a short visit to his home in the state, he will return to Washington before departing for Havana.

George Mason Lee, a son of the general, has just been appointed first lieutenant in the volunteer army, and will join the 39th Infantry at Manila. He leaves on the transport Thomas, November 4th.

From Mr. Bynum's statements, however, he is still loyal to the gold standard cause, and it is not believed he has any intention of supporting Bryan next year, if he is nominated by the democratic convention.

President McKinley and party left for Richmond Tuesday morning. They returned last night. A large party of Washingtonians, including many distinguished naval officials, also went to Richmond by special train. The rate from Washington was fixed at the low rate of four dollars for the round trip. The Chesapeake & Ohio carried a large number of persons, and seemed to be a favorite route.

Mr. and Mrs. Shelby have just returned home from quite an extended trip through the Southern states.

Ex-Congressman Bowden, of Virginia is hopeful of securing the appointment of Mr. Welsh as postmaster at Phœbus.

Mr. C. N. Vance, of North Carolina, is in the city for a few days, stopping at the Metropolitan hotel.

Died Last Evening.

Undertaker W. M. Collins furnished a casket this morning for Mrs. Henry Wilson, aged 40 years, who died yesterday evening at her home three miles east of the city. The deceased was a sister of Joseph Clymer, and leaves a husband and five or six children to mourn their loss. The burial took place at 2 o'clock this afternoon at Midway church, Rev. Mr. Seabrooks officiating.

Six Capital Cases.

Rockingham superior court opened yesterday at Wentworth. The docket is a full one and several important cases will be tried. There are six capital cases to come up at this term, one of them being against Acey Flynn for killing his brother near Madison several weeks ago.

STATESVILLE NEGRO ROBBED

Guileless Youth Taken in by a Sharp Coon at the Capital.

Washington, Oct. 30—Monroe Moore, a young colored man from Statesville, N. C., was an early caller at police headquarters this morning. His mission there was to enter complaints against a young negro for robbing him of all the money he had—about $7.00.

According to his story Moore arrived here yesterday morning on his way to Pittsburg. When he counted his cash at the depot he found he had not enough to pay for his ticket, and a bystander advised him to get a scalper's ticket. He acted upon this suggestion, but had to return the ticket, as the railroad people told him it would not be accepted. Then he sought the pastor of a colored Baptist church and the minister gave him seventy-five pennies to make up the necessary amount for his ticket. Soon after he left the church he met a colored man who volunteered to show him the way to the depot. "He told me if the police saw the brownies on me," Moore told Acting Inspector Helan this morning, "they would arrest me as a crap shooter." "Told you what?" inquired the officer. "He said the police would arrest me as a crap shooter if they found the pennies on me." Continuing his story, Moore said his newly made friend told him he could get a railroad ticket at half price for him and Moore handed his pocket-book over to him. That was the last seen of man or pocket-book.

Ordered to His Regiment.

Lieut. David J. Gilmer, of the Forty-ninth infantry, who has been recruiting for his regiment in Eastern North Carolina, reported at the local recruiting station yesterday with three musicians for the 49th band. Orders have been received by Lieut Settle to send Gilmer on to to Jefferson Barracks, Mo., to report for duty, his regiment being full.

Lieut. Gilmer and the three musicians left at noon today.

Lieut. Settle received orders yesterday to discontinue all enlistments for the volunteer regiments, but desirable applicants are still being enlisted for service in the regular army in the Philippines, Cuba and Porto Rico.

Unanimous Concurrence.

The county commissioners and magistrates of this county met in joint session at the court house today to consider the sale of the jail lot made by the commissioners to the city of Greensboro. The magistrates unanimously concurred in the sale. This transaction also includes the lot on the corner of Gaston and Greene streets, which was sold at auction and bid in by the county. The jail lot will be used by the city for the erection of a city hall building.

Three Were Jugged.

Chief of Police W. A. Scott, Constables Dave Scott and John Weatherly, and Policemen Cates and Jeffries were out on a raid this morning and pulled a boy named Benton, and Ike Hand, colored offenders who were wanted by Constable Scott. They also arrested Bud Lane, who is charged with retailing, and will be tried by Mayor Taylor this afternoon probably.

To Leave Tonight.

Mr. Thomas Cooper and family, who for several years have made Greensboro their home, will leave at 11:45 tonight for Newport News, Va., where they will reside. Their many friends in this city regret to see them leave, and extend their best wishes for future prosperity.

PUBLIC LIBRARY.

The public library question is one which should not only not be allowed to lag in Greensboro, but the movement for the inauguration of such a means of pleasure and intellectual and moral advancement as free reading matter of a high class affords, should receive the heartiest co-operation and endorsement of every citizen of our city.

While keeping in mind the excellent system suggested by Mr Hendricks some weeks ago in the Telegram's columns, we should not allow the valuable time which must elapse before the slow erection of the city hall to pass unutilized, but should strike out in advance and inaugurate and establish our free library before the corner stone of the city hall shall have been laid. There are nice, suitable, well-lighted and well-adapted rooms in the city which can be leased at a minimum cost, and which will answer well the purpose till roomier quarters shall be needed. This idea was suggested to the Telegram by a most excellent lady of the city before the library question had begun to be agitated.

Let us go to work in earnest and secure a public library for our good city of Greensboro. Nothing is a greater blessing to a people than free access to noble and elevating literature. Nothing will hasten us along city-ward so fast, nothing can have a greater influence in enhancing the pleasure, the intelligence and the morality of our population.

Let us have it. Who'll take the initiative and start the ball rolling?

The position of the Asheville Gazette at this writing is not by any means an enviable one. Its contemporary, the Asheville Citizen, charges it with having sold itself for money to the opponents of the constitutional amendment in North Carolina. This is a most grave charge. In a strong editorial today the Charlotte Observer calls upon the Gazette to secure its acquittal at once or stand forever disgraced.

The Gazette is a professed democratic newspaper, but is fighting the amendment.

The Raleigh Morning Post says:

"Uncle Sam is rich enough to give us all a farm," or go a good way in that direction. The annual report of the commissioner of the general land office shows that the unappropriated and unreserved public land of the United States consists of 929,308,068 acres.

When we remember that North Carolina contains about 32,000,000 acres, we can see that Uncle Sam's territory still open for settlement would make about 30 more states equal to this one. But they would only equal it in size, not otherwise.

With the departure of the Forty-ninth volunteers (colored) for the Philippines on November 15, the last of the twelve volunteer regiments will be enroute to Manila, and with its arrival Private Otis will have at his disposal an army of 65,000 men. If he can't whip Aguinaldo with this vast body of soldiers, then a few more regiments will be sent him as soon as they can be enliisted.

The invincible hero of Manila bay has fallen a victim to the allurements of Mrs. Hazen, a widow lady of Washington. They are going to marry soon.

DEWEY TO WED MRS. HAZEN.

The Admiral Announces the Engagement to Some Intimate Friends.

Washington, Oct. 30—Admiral Dewey announced to some of his more intimate friends tonight the fact of his engagement to Mrs. W. B. Hazen, of this city.

Mrs. Hazen is the widow of General Hazen, formerly chief signal officer of the army, who died about ten years ago, is a sister of John R. McLean, democratic candidate for governor of Ohio.

Mrs. Hazen has no children and since her husband's death has made her home with her mother. She is a woman of large means, about forty years of age, and popular in the best social circles of Washington. The date for the wedding has not been fixed.

The Reason.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Micanopy, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. Howard Gardner.

Notes of The Prowler

Our friend, the Prowler, called this morning to return the shoes he borrowed to wear Sunday. He wore a look of melancholia on his face, and we remarked:

"Good morning, Mr Prowler, glad to see you; guess we'll all begin to feel better now that we've got a little change in the weather."

"I would rather have a little in my pocket," he grimly retorted. "Any old kind of weather is all right if everything else is all right. Take a fellow with bills to pay who wants to pay 'em, and not a dollar in his pocket. Do you imagine weather conditions can make him feel good? To him the brightest and most gladsome Indian summer day is as bleak and cheerless as a howling snowstorm in December"

As he said that the Prowler looked like all his friends were dead and the sheriff was standing outside ready to take away the last vestige of food and raiment he had provided for his hungry family.

But in a moment he brightened up a bit and said:

"Speaking of Indian summer I am reminded of what I heard a fellow say the other day. He was one of those sour, dyspeptic, dissatisfied cranks, who is always out of joint with himself, his business, his town, his country and the world generally. He said he thought it was a pity for the frost to come and kill the flowers and the green foliage of the forest.

"Why, sir, what would the world look like in a few years if the trees carried over the same old coat of leaves? Ragged and dilapidated but feebly expresses it. Old, rusty, worm-eaten and storm-split leaves would make an inviting canopy for a summer picnic party, now, wouldn't they?

"Besides such a sorry spectacle, we could never revel in the grand and gorgeous glories of charming Indian summer's golden and carmine tints. And there would be no gentle spring, with its swelling buds and opening flowers. There would be no inspiration to the birds to sing new notes, and the little lambs would have to chew tough grass.

"Bah! That fellow hasn't got even the capacity to think. Why, if his wishes were carried out corn-shucking season would be robbed of its chiefest delights—pumpkin pie wouldn't be good, and persimmons and 'possums would never get ripe."

And the Prowler went out to look for his man, vowing that he would find him and put him out of his misery.

The British Will Overcome the Boers and Annihilate them if Need be.

Communicated.

No sensible individual of this or any other country can prove a doubt or may formulate a reason wherefore the United States will fail to subdue the Filipinos, and establish good government for that hitherto forlorn region of God's heritage, neither can any sane person entertain any doubt whatever, that the powerful British army will overcome and annihilate, if need be, the South African Boers. While these results are enevitable, and are foregone conclusions, it may not be out of the range of prophecy to predict that dire calamities may befall these great nations on account of international complications, the final outcome of which no man can foretell.

Aside from all legal rights and constitutional questions which may be considered as to our continued occupancy of the Philippines, the most important matter with the taxpayers of this great nation is the fact that the maintenance of an army at a cost of $100,000,000 per annum is simply absurd in the extreme, and cannot be afforded by any nation without final bankruptcy.

With Great Britain, the case, though apparently analogous, is quite different. We can secure no territory for our war, but the British get returns by absorption of the country.

War is a great calamity, and is a game in which the winner is ofttimes the loser. "Let us have peace!"

Gen. Lee Wouldn't Sell His Name.

Soon after General Lee went to Lexington, Va., he was offered the presidency of an insurance company at a salary of ten thousand dollars. He was at that time receiving only three thousand dollars as president of the Washington and Lee University. "We do not want you to discharge any duties, General," said the agent; "we simply wish the use of your name. That will abundantly compensate us." "Excuse me, sir," was the prompt and decided rejoinder; "I cannot consent to receive pay for services I do not render." Nearly every mail brought him similar propositions, and just a short while before his death a large and wealthy corporation in New York city offered him fifty thousand dollars per annum to become its president But he refused all such offers and quietly pursued his chosen path of duty.—Ladies' Home Journal.

Pritchard on the Stump.

Washington, October 30.—Senator Pritchard is here, but will leave Wednesday for Maryland, where he will speak Wednesday night at Cumberland in favor of the Republican ticket. He will remain in the Maryland and Ohio campaign until election day. Mrs. Pritchard is quite unwell and has been placed in the hands of specialists here.

"Understand now," said the old man sternly, "that if you call here in future my orders are that my daughter and you are not to see each other." "Your orders, sir," replied Jack Nurvy promptly, "will be strictly obeyed; I'll turn out the gas first thing."

KERNERSVILLE WEDDING.

Miss Meta Matthews Kerner Married to Mr. Burrell Hyde Marsh.

Reported for The Telegram.

The ceremony this morning at the Moravian church at Kernersville, which united Miss Meta Matthews Kerner and Mr. Burrell Hyde Marsh, was one of the most attractive of the numerous weddings which have occurred in this charming little town.

The decorations were very pretty, consisting of of ferns, palms and cedar arches. The church was darkened and brilliantly illuminated

The ushers who led the bridal procession were: Mr. Chas. C. Kerner, brother of the bride, of Kernersville; Marion G. Follin, Geo. S. Norfleet and Rawley C. Galloway, of Winston.

Miss India Montrose Kerner, cousin of the bride, was maid of honor, and wore a dress of mixed brocade silk crepon, and carried LaFrane roses.

The groom was attended by Mr. Robert S. Galloway, and wore a stylish Prince Albert, light trousers, gray gloves.

The church was crowded with friends owing to the popularity of this young couple.

Miss Harmon presided at the organ, rendering the wedding march, from Mendlesnon, beautifully.

Rev. E. S. Crosland, pastor, officiated.

The bride looked lovely in a traveling gown of mixed brown cloth. She carried a bouquet of bride roses.

The best man, Mr. Galloway, wore a Prince Albert, light trousers and gray gloves The ushers were attired in the regulation cutaways, light trousers and wore gray gloves.

The bride and groom were the recipients of many handsome presents. They left on the 11 o'clock train for Richmond, where they meet the family of the groom before proceeding to Washington, New York and Norwich, Conn. In Richmond they will be at the Jefferson.

Miss Kerner is the beautiful and accomplished daughter of the late R. B Kerner and is one of Kernersville's fairest daughters. She graduated at the Salem Female Academy, class of '98.

Mr. Marsh is a well known and popular traveling salesman for the Standard Oil Co., with headquarters at Winston, and enjoys the confidence and good will of all whom he meets, both in a social and business way.

SCHLEY AND HIS SQADRON.

The Admiral May Go to South Africa if He Wishes to do so.

Washington, Oct. 30—Secretary Long today, discussing the probability of Admiral Schley taking the South Atlantic squadron to Delagoa bay, declared that there was no objection to his going there, and said that as south African territory was within the confines of the South Atlantic station, it was probable, in his opinion, that Schley would visit there. Government officials, however, are exercising the greatest care to avoid saying anything that could be construed by continental powers to mean that the United States intended to make a naval demonstration in South Africa as an indication that a continental coalition against England would be discountenanced by the United States.

Battleship for Russia.

On Tuesday next will be launched the largest warship ever built in this country for a foreign government. It is to be launched at Cramp's shipyard. This vessel is a battleship for the Russian navy, and for offensive qualities, speed and general power it surpasses some of the best of the American vessels of that type in commission The battleship is of about 14,000 tons, with 18 knots' speed and nearly 15,000 horse power.

The Cramps are also building a powerful armored cruiser that is to make a higher rate of speed under more severe conditions than has been required of any war vessel built for the American navy. This vessel is to run 23 knots an hour for twelve consecutive hours. The Brooklyn never approached that, and, besides, was speeded only four hours.

SHE SANG FOR DEATH.

The Pathos and Tragedy of Emma Abbott's Passing Away.

One night in the city of Denver, located at the foot and in plain view of the Rocky mountains, Emma Abbott was billed to appear in "Faust." In the same city a most attractive and beautiful 18-year-old girl, belonging to one of the wealthiest families, lay in the last stages of that fell enemy of the human race—consumption. Some weeks before the arrival of the company she said to those around her: "Oh, I hope the sun will shine and the weather will be warm and genial, so I can hear Miss Abbott sing once more. I think I could then pass away peacefully and without one single regret." But there came with the queen of the lyric stage a northern hurricane—with the very air charged with icicles, which penetrated the lungs. Some one told Miss Abbott of the grievous disappointment of the dying girl. She went to the opera house and never sang more sweetly, and as soon as it was over and the audience dismissed called her carriage and directed it to drive to the home of the young lady

The scene which followed was worthy of the finest brush ever wielded by the grand old masters. There lay the dying earth angel, with pallid lips, hectic cheeks and lustrous eyes and the light of immortal beauty shining upon her face. Standing beside her, in one of her richest robes (the one she had worn that night), sparkling with pearls, rubies and diamonds, stood the almost divine mistress of earthly melody.

The first piece rendered was "The Old Folks at Home," and then followed "I Know My Redeemer Liveth." The finale of this weird scene was "Rock of Ages Cleft For Me. Let Me Hide Myself In Thee." And then Miss Abbott bent over the frail form and pressed her an eternal farewell. Soon after the spirit passed into the wild winds which rang through the wild mountains near by—set sail for that haven from which the first homeward bound bark is yet to be seen—the stainless soul wafted to the stainless heavens by the sweetest music ever heard on earth—into the melodies of paradise birds.

Miss Abbott returned to her room at the hotel and retired. Some time during the night she awoke with a pain in the left lung. It rapidly grew worse. A physician was summoned. Then another, and another, who applied every remedy they could command. All to no purpose. It was typhoid pneumonia in its worst form. The black camel was kneeling at her door. Angels of the heavenly choir had that night listened to her voice in the sickroom and sent for her to come home to them.

In three days that voice which had so often raised the souls of men and women to the noblest, the grandest heights in holy ecstasy, was forever stilled in death—gone forth into—the night

So fades the summer cloud away,
So sinks the gale when storms are o'er.
So gently shuts the eye of day,
So dies the wave along the shore.

GERMAN MILITARY SERVICE.

A Curious Method by Which It May Be Avoided.

Anybody can emigrate from Germany before he is 17 years old without running the risk, in case he should return, of being forced to join the army, but he will be allowed to remain only nine months in Germany. If he stays longer he becomes again a German citizen and must do military service. If he leaves when he has been a little less than nine months in the country and stays away for two or three weeks he can return without running any danger and can stay another nine months. If he does this every nine months he can live as long as he likes in Germany.

As soon as a man is 17 years old he cannot leave Germany without serving in the army. He can, however, get permission to leave the country until he is 20 years old if somebody is willing to give bond that he will return and serve his term.

In case a man forfeits his bond he cannot return to his fatherland before he is 45 years old, as he would be promptly arrested and sentenced to serve a longer term than the original one. After a man is 45 years old he can go back to Germany without being punished and live there as long as he likes.

In case a deserter is caught in Germany before he is 45 years old he is sentenced to two or three years' imprisonment in a fortress and all his personal property is confiscated. — New York Herald.

An Eye to Business.

The doctor hurried in and called the druggist to one side

"I've just been called to attend the Croesus baby," he said, "and I've given a prescription that calls for nothing but paregoric When they send it over here, you must tell them it will take at least an hour to put it up and the cost will be $8.50. That's the only way to make them think I'm any good, the medicine's any good and you're any good, and I want to keep their business."—Chicago Post

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of Indigestion or Dyspepsia while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. J. Arnold, Linn.

HOW THEY SAVED THEIR HOME.

They started their new happy life of love and hope together in a trim-bright-tinted little house that stood back upon a terraced lawn. A smooth path led to the broad "stoop" and hospitable piazza. The long sweep of roof, the wide-curving "bays" and the little western turret with oriel windows bespoke ample room and light and air and gorgeous sunsets.

O, how they loved that little home! He was industrious, frugal, ambitious; she a tender wife with a heart full of devotion; and both of them determined at any cost of struggle or sacrifice to earn and pay for

this cherished dwelling place, and possess it as their very own; a cosey nest in days of sunshine, a refuge in time of trouble, a fireside, a home.

HOW TROUBLE CAME.

At first it seemed smooth sailing. He was glad to work over-time, and she being deft with needle and scissors helped the neighbors with their gowns. In such ways a few dollars were added to the small, home-making fund. Day after day, early and late, they earnestly planned and toiled, never realizing that they were going beyond their strength, until the little breakdowns began to come.

Many a morning he would rise with his head feeling as he expressed it, "like a lump of lead," and no stomach for the dainty breakfast she had prepared. "O, you must eat!" she would exclaim anxiously, "You can never work without it." And all the time trying to smile, she would pass her hand lightly across her own forehead as if to brush away the pain that snapped and darted underneath.

Then came days when he could neither eat nor work at all; when his sight was blurred and dizzy, his limbs weighted down as with shackles; his whole body full of sickness and nausea and distaste of living, and his mind dark with dismal forebodings. Describing this terrible time afterward he said to a friend:

"What troubled me most was that I could not understand what was the matter with me. The doctors said it was consumption; they did me no good. I knew something was killing me by inches. Finally I had to give up and go to bed. I could hardly lift my head off the pillow. My brother wanted to write to Dr. Pierce of Buffalo, and brought me three bottles of his 'Golden Medical Discovery' and begged me to take it. I didn't have much faith but said to my wife:

"What's the use? The doctors don't help me a bit and nothing else will. At this rate I'll die anyway. This 'Discovery' can't hurt me; it may help me; I'll try these three bottles just to please Jim. He was right too. The first bottle went straight to my digestion and gave me an appetite so I relished my food. I felt as if every mouthful was doing me good and making good blood in my veins. I began to feel better and pick up my flesh; my bowels came around right and I guess my liver sort of waked up. My cough stopped. I got good and strong and in four weeks I was back at work again like a man."

HOW TROUBLE WENT AWAY.

"My wife never let on how miserable she was feeling all the while; when I found it out I made her take the 'Discovery' too and Dr. Pierce's Favorite Prescription for her nerves, and she says she's just made over new again. I sent for his great 'Medical Adviser.' It's the grandest book you ever saw. If we'd had it before, we would have saved hundreds of dollars."

Then came new hopes, new plans, new power and fresh achievements. The little home in time became their very own, earned and paid for by the erstwhile nerveless hands and brain now restored to vigor and activity by the most remarkable life-renewing "Discovery" that medical science has ever revealed to man. And when at length a sweet, fresh little life came to bless their lives, they felt that happiness was complete.

This is a true story and it cannot be told too often or too strongly. What this great "Discovery" did for this man, it has done for thousands of men and women in every corner of this Union, and in every civilized country on the globe.

The "Golden Medical Discovery" is sold by all good dealers in medicines every where.

OF

Book-keeping, Business and Ornamental Penmanship and Shorthand.

For Both Sexes.

READ CAREFULLY.

PROF. V. THEO. ELY,

(12 Years Experience in Teaching)

Graduate from Rochester Business University, Rochester, N. Y., will open up a select school in Both Double and Single Entry Book-keeping, Shorthand and Muscular Movement Business Writing, at the Brockmann School of Music Hall, beginning

Monday, November 13, 1899,

from 9 till 11 a. m., also a separate night school from 7:00 till 9:00 for those who cannot attend in day time. No extra tuition for combining both periods.

Tuition in both writing and book-keeping combined, full course, $10.00; writing alone, strictly slant, $3.00. Payable at the expiration of the term.

Success is guaranteed to all who attend regularly and apply themselves, or no charge will be made for tuition.

Term will continue until completed, which requires from six to eight weeks.

If you ever expect to learn book-keeping or to write a good hand, now is your time.

No tuition is paid till the term closes, and the term does not close till all have finished the book-keeping course, and each student is his own judge as to when he knows it.

This fact should be taken as sufficient guarantee of safety and success. Let the pupils attend regularly and we will be responsible for the rest. No LESSONS TO STUDY AT HOME.

Stationery for full book-keeping course, including writing material, etc., not over 80 cents. Writing material, etc., furnished at the hall.

Hall will be kept warm and comfortable.

Why You Should Attend This School:

Because for $10.00 you get the same identical course in book-keeping and penmanship that you would get at any commercial college at from $150 to $250. Because you complete the course before you pay tuition. Because every subject is taught from the blackboard without the use of a text book. Because every other branch except book-keeping and writing, is excluded, making it possible to complete the course in from six to eight weeks.

Because we, the undersigned pupils, have just finished Prof. Ely's course in book-keeping and writing at Nicholson's Hall, Union, S. C., and freely testify to the fact that truly he offers a chance of a lifetime to learn these important branches of business education:

H. E. Mabry, W. C. Hames, Webster Gregory, W. H. West, W. C. Smith, J. O. Babb, F. C. Posey, J. T. Hawkins, James L. Hawkins, George Witherspoon, T. J. Betenbaugh (county supervisor), J. F. Powell, J. G. Farr.

Dr. Pierce's Golden Medical Discovery

FOR THE BLOOD, LIVER, LUNGS.

Experience has shown to physicians that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" these various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure it. That is the philosophy on which Dr. Pierce's Golden Medical Discovery is prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. In like manner "Golden Medical Discovery" purifies the blood, by purifying the stomach and other blood-making organs.

It contains no alcohol, or other intoxicant, and no narcotic.

AGITATION IN SPAIN.

Movements of British War Vessels a Source of Anxiety.

London, Oct 30—A Madrid correspondent mailed to London Friday last the following, which the censor would not allow him to telegraph:

"There is a great deal of activity in diplomatic circles in connection with the British disp ay of force in the concentration of warships. A majority of foreign representatives here today received diphe dispatches and many of them subsequently conferred with Premier Silvela. Orders have already been given for the Spanish fleet to concentrate at Cadiz. Dispatch boats have been sent with secret orders to the Canary Islands and southern mainland ports.

Asters.

Gone is the summer, its passion is over;
Gone are the birds with their carols of mirth:
Cold are the breezes, they whisper of winter,
Coming to blight all the verdure of earth.
Yet in the garden the asters are blooming,
The purple and crimson, the pinks and the white,
Fairest of crowns for autumn's adorning,
Flooding the place with a halo of light.
Gray are the skies over meadow and mountain,
Brown are the pastures, the stubble is sere,
Yet the brave asters, undaunted are blending
Wonderful tints, overflowing with cheer.
Hearts that are lonely, or grieving, or weary,
Longing for joys that have vanished away,
Look on the asters and learn from their beauty,
When the world frowns it is best to be gay.

At Raleigh, Oct. 31 Nov. 1, 2 and 3, will be one of the best they ever had. All of the colored people should attend this year. The committee has secured the service of our Star Cornet Band of Greensboro. They will leave for Raleigh Tuesday on the 8:10 train under the leadership of C. H Curry and W. A. Nelson. They will parade the streets before leaving. The boys look well in their new uniforms, and are in good shape.

Walter H. Hyatt

Schley Coming South.

Washington, October 28.—Admiral Schley has accepted invitations to be the guest of the cities of Atlanta and Birmingham. Accompanied by his wife, he will leave Washington for Atlanta November 3, over the Southern Railway. They will spend the following two days at Atlanta and the 7th and 8th at Birmingham.

Complexion lotions should always be taken at their face value.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E. Holton, Druggist.

BIRD FLIGHT.

They flock upon the hazy air,
Silent of note and purposeful of wing,
Nor gossip of the nesting time
Disturbs their rhythmic, air born swing.

Across the dying fields light shadows fall
That, for a moment's space, obscure the sun;
Then swift—a graceful troop—they wing their way,
Pursued in haste by some belated one.

Now all the stubble land turns twilight gray
A-hum with mystic runes and harvest rills.
Above the watching world a tiny speck
Grows pale and fades against the southern hills.

—Elizabeth Alden Curtis in Philistine.

WAR AND MATRIMONY.

Cupid Is Much the Busiest In Times of Peace and Prosperity.

"There is a close connection between marriage and the price of wheat, beef, pork, beans, corn and other things which go to make up the main portion of human food," writes Professor D. R. McAnally of "The American Girl's Chances of Marriage," in The Ladies' Home Journal. "As the prices of these commodities go up the number of marriages goes down. From 1851 to 1854 times were good, food was cheap, and the marriage rate in Massachusetts went up to 26 per 1,000. Between 1855 and 1859 there was great depression of trade, and in 1858 the marriage rate went down to 17 per 1,000. The years from 1873 to 1879 form another period of depression. Factories were closed and manufacturers of every kind suffered severely. In one year, at least, crops were short and the prices of food were high. The result was immediately seen in matrimony, for in 1874 the number of marriages went down from 21 per 1,000 of the population to 18, and in 1876 and the following two years declined to 15 per 1,000—a tremendous falling off from 26 per 1,000, the figure attained in 1854, which was the banner year in the state of Massachusetts for matrimony.

"Almost as unfavorable as that of hard times is the influence of war upon matrimony. Whenever Mars is in the ascendant Cupid's stock goes down. During the civil war the number of marriages in this country fell off from 20 per 1,000 of population to 17 per 1,000, and immediately after the civil war was ended, in 1865, the number rose to 22 per 1,000, declining in 1869 to 21. The woman who is looking for a husband has a better chance of getting one just before or just after a war than at any other time."

With the Fading of Beauty.

A 16-year-old girl imagines that she is an angel, and never gets over it. After a woman gets old she thinks of how she was admired and complimented in her youth and feels that some great wrong was done her because she did not remain as pretty as she was at 16. If she is married, she is apt to lay the blame on the brutality of her husband; if she is an old maid, she lays it on her father, who was poor, and thus forced her to work, which resulted in a stooping figure and harsh features. A man never has this experience. He is at his worst at 16 and does not reach his best until he is 26 to 30. By that time he has acquired a little sense, and never mistakes a compliment for the truth.—Atchison Globe.

Sunday School Gems.

Stories of strange and amusing answers given to examination questions are frequently told, but we do not so often see recorded the equally surprising answers given by children in Sunday schools, and yet they are frequently original enough.

A teacher, lately wishing to turn the young idea toward the mission field, asked, "What are good men called who leave their homes and go to foreign lands to teach the heathen?"

"Prodigal sons," was the prompt and triumphant reply.

A class of boys when asked, "What were the ten plagues?" answered with more fervor than gallantry, "The ten virgins, sir."—Westminster Gazette.

Have No Use For Cents.

Pennies are not used by the banks of New Orleans in the payment of checks. If a check, for example, is drawn for $62.18, the holder receives $62.20. If the amount is $62.17, he gets $62.15. The split is made between the second and third cent, and the system, which has been in vogue for many years, is very rarely the subject of any complaint. It makes an exact balance of coppers at the end of the day's business rather unlikely, but the doctrine of averages operates to even things up to within a few cents. In the long run about as many checks break on one-half of the nickel as on the other.—New Orleans Times-Democrat.

Money Making Indians.

The Menominee Indians, in northwestern Wisconsin, are making as much money in lumber operations as are the Osages at farming. By the sale of pine logs in years past the 1,800 men, women and children have accumulated a tribal fund aggregating $1,000,000, which is still growing. The tribe expends about $75,000 a year in logging operations and clears from $50,000 to $100,000 annually.

Detecting Flaws In Metal.

To detect hidden cracks opening from the surface of metals the surface is first moistened with kerosene and is then dried off with a cloth. It is then coated with chalk. After a little while the oil works out of the little cracks and stains the chalk. A sort of diagram of the hidden fissures and defects is thus produced.

Professor C. Lloyd Morgan has in his book on "Habit and Instinct" advanced the theory that, while the calls and alarm notes uttered by birds are probably due to simple instinct, their songs may be traditional—that is, handed down from generation to generation and perpetuated through the faculty of imitation.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, rundown feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than any thing I could take. I can now eat anything and have a new lease on life." Only 50 cents at C. E. Holton's drug store. Every bottle guaranteed.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free. Regular size 50 and $1. Every bottle guaranteed or price refunded.

COMING!

A. K HAWKES
The Famous Atlanta Optician

direct from the home office of this Great Optical House, or one of his practical Opticians and will remain at the store of his agent, Jno. B Fariss, druggist,

FOUR DAYS ONLY,

beginning Nov. 1st. This will give the citizens of Greensboro and vicinity a rare opportunity of having their

Eye Sight Tested Free

by one of the most renowned and successful as well as reliable Opticians in the U. S. Mr Hawkes has the modern appliances for scientific adjustment of glasses to the eye. There is no Optician in the U S who enjoys the confidence of the people more than Mr. Hawkes. His name is a familiar word throughout a section of country inhibited by over twenty-five millions of people. Mr. Hawkes has probably adjusted glasses to the eyes of more people of national and international fame than any other optician living. This firm was established in 1870.

EYE STRAIN is often the cause of headache, dizziness, nervousness and dimness of vision. This can be cured in many cases by the correct fitting of his Crystalized lenses to the eye. Call early, he positively remains but four days, as he has other engagements for later dates.

CAUTION—I would caution the public against buying spectacles from pedlers, going from house to house with a lot of spectacles, representing them to be Hawkes' or selling the same grade of goods. Hawkes' spectacles are NEVER peddled. Many of the inferior glasses that flood the country are positively injurious to the eye.

From ex-President Grover Cleveland
Executive Mansion,
Washington, Dec. 2, 1895.
A. K. Hawkes, Esq.—My Dear Sir: I find your Crystalized Lenses well suited to my eyes for far seeing. And I shall enjoy them on my hunting trips. Yours very truly,
Grover Cleveland.

The Great Warrior and Statesman
Mr. A. K. Hawkes—Dear Sir: When I require the use of glasses I wear your pantiscopic Crystalized Lenses. In respect to brilliancy and clearness of vision, they are superior to any glasses I have ever used.
Respectfully,
Fitzhugh Lee,
Consul General to Cuba

One of our Greatest Statesmen
Mr. A K Hawkes—Dear Sir: The pantiscopic glasses you furnished me some time since have given excellent satisfaction. I have tested them by use and must say they are unsurpassed in clearness and brilliancy by any that I have ever worn.
Respectfully,
Gen. John B Gordon,
Ex-Gov. of Ga. and U. S. Senator.

NINE CASES

Claimed the Attention of His Honor Yesterday Afternoon.

Mayor Taylor dispatched business with a rush at his court yesterday afternoon and disposed of nine cases in less than an hour.

The case against J. H. West and William Barnes, for an affray, was the first one called and the defendants were bound over to the next term of superior court.

Lam Albright, colored, was arraigned on the charge of having in his possession a chicken coop belonging to J. J. Phœnix. He has been sleeping under McDuffie's furniture store for some time, and the mayor told Lam to take his choice between going to jail and sleeping under the store.

B. D. Patterson, a farmer from Randolph county, was given ten days for being drunk and down.

Chas. Hargrave, for drunkenness, was charged $5 and costs; if not paid he will do fifteen days' work on the roads.

Ed. King, the negro who stole a set of Harness from Dr. W. L. Grissom last week, was given a hearing and bound over to court.

Walker Penn, colored, and Joe Ware, white, of Reidsville, the 16-year-old boys who broke into the Carolina Shoe Co.'s store last Friday night, were given a hearing. Penn pleaded not guilty; still he said he sat on a box in the rear of the store and kept watch for Ware. Ware admitted his guilt and said Penn went in the store first and that they got five pair of shoes. They were committed to jail to await the action of superior court.

William Apple will contribute $5 and costs for being drunk and disorderly.

J. L. Roberts pleaded not guilty to charge of obtaining under false pretences $10 from W. F. Clegg. Mr. Clegg and Officer Whittington were the only witnesses put on the stand and Roberts was sent on to superior court under a bond of $250, in default of which he was placed in jail.

To Leave Greensboro.

Dr. J. T. Johnson, the eye specialist, has disposed of his business in this city to Dr. R. L. Moore, of Statesville, who will open up an office in the Southern Loan & Trust Company building tomorrow. Dr. Johnson will make a two-months' professional trip over the state and will then move his family to Louisville, Ky. During their residence in this city Dr. Johnson and his estimable wife have made many warm friends, who regret to lose them.

Ike Dean and Pink Guthrie, two gentlemen of color, had a scrap on South Elm street, near the dispensary, this afternoon, but Officer Cates separated the belligerents before any damage was done, and cited them to trial before Mayor Taylor tomorrow evening.

The University of North Carolina football team will pass through Greensboro next Friday and will play the naval cadets at Annapolis, Md., Saturday. The team will also play Princeton, Virginia Polytechnic Institute and University of Maryland on their northern trip.

The plumbing department of the Odell Hardware Company has just received plans and specifications from architects at Providence, R. I., to estimate on a plumbing job at Tallassee, Ala. Estimates are also being made by this firm on work in South Carolina, Charlotte and Winston-Salem.

NO SHOW TODAY.

The Storm Deters Gentry's Dog and Pony Aggregation from Exhibiting

Gentry's Dog and Pony Show arrived in the city this morning but owing to the extremely raw weather, rendering it impossible to spread their canvases, the management decided to give no exhibition this afternoon.

This was rather a keen disappointment to our circus-going people, as Gentry's aggregation enjoys a fine reputation in this country, and we are assured by Mr. Rogers, the genial press agent, that the show has new and excellent features this year, rendering it far ahead of any amusement enterprise of its class in existence.

The Sanctification Meeting.

A fair-sized audience attended the holiness meeting at the tent last night. Much interest was manifested, and Rev. Mr. Hypes preached a good sermon from the text found in Matt 11:28, "The Second Rest" being his subject. He emphasized the idea that you find a thing suddenly and not gradually; though you may search for the thing a long time, when you find it you find it instantly. At the conclusion of the sermon several came to the altar for sanctification and two or three received the blessing. The tent was slightly damaged last night by the wind, and services will be held every afternoon at 3 o'clock and 7:30 at night in the Friends' church, on East Lee street.

"THE WIND BLOWETH,"

And We Know Not the Amount of Damage From Last Night's Gale.

The Shamrock and Columbia could have made good time if the wind had blown as it did in this vicinity last night.

There was a strong gale throughout the night, and then to make matters worse there has been a drizzling rain falling since Sunday night and the streets are muddy and bad for pedestrians and others who have to be outdoors.

The velocity of the wind last night was at least forty miles an hour, but the damages reported are all of minor importance.

A large cloth sign on the Fishblate-Katz Company's building was blown away during the night, and the awning in front of Will H. Matthews & Company's store was demolished, and Howard Gardner's signs were slightly disfigured.

A few trees in all parts of the city were uprooted, houses were shaken, large numbers of limbs broken, and telephone and electric light poles swayed and some were blown down.

The bill boards opposite Johnson & Dorsett's on South Elm street, tumbled over on the sidewalk this morning, but the debris was removed before noon.

The wind last night and today has interfered with the local telephone system and some of the wires are crossed this afternoon. The trouble is being remedied, however, and everything will be all right by tomorrow. The toll line to Winston is also out of working order this afternoon.

The storm seems to have visited the entire Piedmont section. A young man from Reidsville this morning stated that some damage was done to property in that town.

A gentleman who came up from Ore Hill this morning, says at least forty telegraph poles were blown down between his town and Greensboro.

A phone message to the Telegram late this afternoon says that during the storm in Winston last night several factories were unroofed and a number of trees and fences were blown down, but no serious damage has been reported.

Rev. Mr Cecil, who is conducting a holiness meeting in this city, received a telegram this morning from Danville stating that the roof was blown off his house during the night. Mr. Cecil left at noon for Danville, but says he will return tonight.

A Desperate Blockader.

In these columns Saturday we announced that Deputy Marshal Grier, of Mitchell county, died Thursday from a gun-shot wound received several days ago while Mr. Grier was attempting to arrest W. H. Honeycutt, a blockader. Sunday Marshal Millikan, of this city, received a letter stating that on the day following Grier's death Honeycutt shot and killed M. P. Phillips, of Magnetic City, who was the only witness to the shooting of Grier. Honeycutt has not yet been arrested.
